TEXAS DEMOCRATS. Four Worrii, Tex., June 18.—The Democratic State Convention reassembled at ten o'clock yesterday morning. The defeated of the contract of the damps at ten o'clock yesterday morning. The delegates had not recovered from the depressing effect of Tilden's letter. A motion to reconsider yesterday's vote instructing delegates for Tilden and Hondricks was tabled by a vote of 301 to 182. Notwithstanding the defeat of this motion a resolution was immediately adopted directing delegates to use their own judgment in the selection of candidates for President and Vice-President. Ex-Governor R. B. Hubbard, ex-Congressman D. C. Giddings, Judge T. J. Brown and Peter Smith, Mayor of Fort Worth, were selected to act as delegates at large to the Chicago Convention. District delegates were also elected, and the convention adjourned sine die. The Senators and Democratic representatives in Congress from Taxes recently. Democratic representatives in Congress from Texas recently united in a request to their constituents that there names be not considered in the matter of selecting delegates to Chicago. The absence of Congressional names from the list is, therefore, explained. The Democratic State Convention to nominate Governor and other State officers meets August 19 at Austin.

The convention then adjourned sine die. Interviews were held with a great number of prominent delegates, on the effect Tilden's declination would have on their deliberations and on the party throughout the State. All expressed surprise and regret, but unantmously declared Thurman now their man. He represented the popular sentiment of the entire coast. THE PRED-TRADERS.

New York, June 13.—An important meeting of leading political economists, was field last evening at the University Clab, where the first steps were taken to form a National Society in the interest of free-trade views. The most prominent present were Prof. Sunner, of Yale, Prof. Perry, of Williams, Hon. Worthington Ford and Hon. David A. Wells. The project of the gentlemen is to combine for the purpose of more effectively circulating their theories, but the idea is to

ronfine the membership to sack as have made a practical profession of political necoming as writers, profession of political ecomonny as writers, professors, lecturers, and not to all who sympathize with the principle of revenue reform as an adjunct to political life. UNION PACIFIC STOCK FALLS.

Reports of a Colossal Deficit-Sidney Dil lon Makes an Emphatic Benish. NEW YORK, June 13 .- Most unfavorable statements regarding the condition of the Union Pacific Company were circulated on the street yesterday, and prices fell. The net decrease in the first quarter's carnings is said to be \$1,600,000. No dividend, the report is believed to state,

carned or can logally be paid. Finally, it is said that the surplus for sinking funds and other purposes has been used by the officials to sustain the stock in the open market. The amount thus used is stated on the street to be as high as \$20,000,000. This was generally believed to be false, but in connection with the other reports caused the heavy break in the price of the stock. Sideey Dilbon, Tresident of the road, doneled in the usest enjeatic terms the story that the sloking fand had been used to ball the price of the stock. Neither the company nor any representative of the company had made efforts to sustain the stock. If such efforts were made they were done by individuals. On being asked if the road would pass its July dividual, his said the directors would meet Jane 18 to consider the declaration of a dividend, and addod: "The net earnings for April were \$350,000, and the fixed charges much below that amount. That doesn't look like a receiver, does it?"

Mr. Diflon said the company was perfectly willing to pay all that it owes the Government. The disputed claims between the Government and the company will be addicated text fail, when he believes it will be found the the Government weet for the officials to sustain the stock in the open

ndjudicated next fall, when he believes i will be found that the Government owed the road, instead of vice versa.

> THE Republican, as the organ of the city administration, fails to give ts readers any reason for Mayor Chambers' action in voting to revoke iquor heenses. What is the use in being an organ if the organ does not pipe: We understood the mayor pased his action on the point that he pelieved the licenses were secured by corrapt means. Again, it is claimed, and publicly stated that he did it because he had to do it; that republian sentiment was so strong that he rould not do otherwise. Now the organ should not permit the mayor to be misstated. If license was se sured by corrupt means, the mayor and connect should purge it. If the change of base by the mayor was beosuse of outside pressure, surely, the Republican should explain it. The Republican was anxious for party anocess in city affairs and now should not permit any of the officers to be misrepresented.
